PROJECTS

WORKSPHERE – Enterprise employee experience platform | Team Project (Jan 2026 – Mar 2026)

Tech Stack: Figma • FigJam • Illustrator • Notion • Design Systems • WCAG 2.1 • Responsive Design

- Designed a unified HR platform with **8 modules** and role-based experiences, consolidating **6+ tools** into one workflow while creating **15+ reusable UI components**, scalable design systems, responsive dashboards, and WCAG 2.1 AA-compliant interfaces.

Outcome: Replaced 6+ fragmented HR tools with a single 8-module platform, eliminating tool-switching for daily employee and manager tasks

SUPPLYCHAIN NEXUS – Procurement & vendor management system | Personal Project (Nov 2025 – Dec 2025)

Tech Stack: Figma • Adobe XD • Notion • RBAC • Data Visualization

- Designed an enterprise procurement platform for **4 user roles**, creating **10+ high-fidelity screens**, procurement dashboards, reusable design patterns, and streamlined purchasing, vendor management, approval, and contract workflows.

Outcome: Unified purchasing, vendor, approval, and contract workflows across 4 user roles into one RBAC-secured dashboard, cutting cross-tool handoffs.

INSIGHTHUB – Business intelligence & executive analytics platform | Personal project (Aug 2025 – Sep 2025)

Tech Stack: Figma • Framer • Adobe Illustrator • FigJam • Notion • AI-Assisted Design

- Designed an executive analytics platform with **8 customizable KPI dashboards**, **10 responsive screens**, AI-powered insights, drag-and-drop reporting, and WCAG-compliant, accessible data visualizations.

Outcome: Replaced static reporting with 8 customizable, AI-assisted KPI dashboards, enabling faster, self-serve executive decisions.

PROFESSIONAL EXPERIENCE

UI UX DESIGNER Intern | INTRAINZ (May 2025 – Oct 2025)

- Conducted user research, competitive analysis, and user journey mapping to create wireframes, high-fidelity UI designs, interactive prototypes, and reusable design systems in Figma, delivering intuitive, user-centered, responsive web and mobile experiences aligned with business goals.
- Collaborated with product managers and developers to deliver accessible (WCAG-compliant) interfaces, ensuring seamless developer handoff and implementation.
